

In order to insure proper fit, we ask you to measure your pet, following the instructions below.

1. Measure from point of elbow on one side of your dog up and over back to point of elbow on opposite side
2. Measure around both your dog's left and right legs at the point of the elbow
3. Measure around both your dog's left and right legs 4" below the point of the elbow
4. Measure from point of elbow to the top of the paw
5. Measure around your dog's leg at the top of the paws

All measurements are to be made while dog is standing

Measure from point of elbow  
over dog's back to point of  
elbow on opposite side of the dog

#1
