Measurements (print clearly) Inches Centimeters

Measurements for the legs can be performed on either front leg unless there is a significant difference greater than 1 inch between the right leg and the left leg. Please provide measurements for both legs if necessary.*

#1 _____ Measure the circumference of the base of the neck (where a collar would rest).

#2 _____ Measure the circumference of the chest immediately behind the front legs (deepest point of the chest).

#3 _____ Measure the circumference of the waist at the last rib.

#4 _____ Measure from the base of the neck (where a collar would rest) to last rib.

#5 _____ Measure the circumference of each leg at the point of the elbow.

#6 _____ Measure the circumference of the leg 4 inches below the point of elbow.**

#7 _____ Measure from the point of the elbow to the top of paw.

*Enter on the line as L/R. For example, "7.5/7.75" is 7.5 on the left and 7.75 on the right.

** If measurement #7 is 6 inches or less, measure around the leg halfway between the elbow and top of paw for measurement #6.
